# OUR SERVICE

## Website Development

Using the best-in-class technology, we build websites and apps that perform. With a full team of developers working on cutting-edge solutions, we customize interactive development for every client need.

## Strategy & Consulting

We build brands with razor-sharp strategy. We analyze every aspect of your industry and apply our digital expertise to provide a roadmap for success.

## Digital Marketing

Our dynamic marketing team gets results. We apply a series of customized tactics to bring qualified traffic to your site and build relevant content that converts.

## Hosting & Maintenance

Our hosting servers are located at one of the most secure datacenters in the world. Website hosting includes regular software and security updates, support, e-mail, and more.

# OUR PROCESS

# WHY CHOOSE US ?

The right team for your project

Techbuddy offers a great service in the design, development, programming and marketing of your website. We strive to offer the best solution for your business and impartial advice at an honest price. We are constantly investigating new technologies and recommend them when they make sense.

## WE LISTEN

We listen, we discuss, we advise. Sounds obvious but we listen to your ideas, plans and objectives for your business. We then select the best solution to fit. We don't shoehorn projects and if we feel we're not a good fit we'll be honest and tell you from the outset.

## CREATIVE & TECHNICAL

Whether it's website or graphic design, system development or custom programming we like to keep everything under one roof to make it easier for our customers.

## PASSIONATE

We love nothing more than working on a great project with a fantastic client. We care about our clients and can often be found working out of hours to get everything 'just right'!
